

**Town of North Hero
P.O. Box 38
North Hero, Vermont 05474**

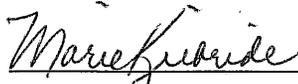

Culvert Policy

Culverts will be no less than 15" (inches) in diameter and no less than 30' (feet) long unless approved by the Public Works Department to change the diameter or length of any culvert.

Existing culverts will be replaced if need be by the Town of North Hero when new road projects are being done; otherwise it will be the responsibility of the property owner to see that culverts are properly installed.

Property owners installing their own culverts will review requirements with the Public Works Department before installing any culverts.

Approved by the North Hero Selectboard: April 06, 2009
