

Private Water Line Maintenance Repair Policy

The North Hero Water Department has put this policy in effect to protect the North Hero Water System and comply with State and Federal Requirements.

1. The Water Department will repair the following water system fixtures.
 - a. Curb Stops, corporationS and services between each
 - b. Leaks associated with Curb Stops on the water main line side
 - c. Blow Offs/Flushing Valves or leaks associated with them

Any other repair not specifically listed here will be the responsibility of the owner. Any disturbance of top soil or any objects removed to access repairs will be the homeowner's responsibility to restore. The Water Department will only be responsible for returning the disturbed area to level. Any walls, fences, flower gardens or similar type landscaping that is disturbed during repair will be completely the responsibility and expense of the owner.
