We would like to inform you of a service the Town of North Hero – Water Department offers as part of our commitment to providing and improving service for our water users. The North Hero Water Board has enrolled with VT-ALERT, a Vermont state system for emergency notifications, which can be used to notify you in the event of **water safety issues** in the community. This is intended to help provide, along with other state mandated methods of communication, timely information regarding concerns with the water system.

To make the system work best for you, please provide contact information that will ensure the messages the Water Department sends out through VT-ALERT will reach you in a timely and effective manner. Email and text messages (sent to mobile phones) are the most efficient, but alerts can go out through voice calls as well.

****REMINDER: remember that voice calls could come at any time of day or night****

Return your contact information with your water payment, or via mail (PO Box 38) or email (townclerk@northherovt.com). Please call, 372-6926 ext.1, if you have any questions.

Sincerely,

North Hero Water Board
